If the student fails the test, the student has the right to retake the integrative test once.

A student who has reservations about the correctness of the verification of their learning outcomes conducted may submit to the Dean, within 7 working days of the announcement of the results, a request for a commission verification of student's knowledge. Students of the final year, with the consent of the examiner and the Dean, may retake an exam in one course conducted in the last year of studies, if obtaining a higher grade may change the final grade on the diploma of higher education. Both grades obtained by the student are taken into account in the calculation of the grade point average.

The new date of the examination shall be set no later by than within 14 days from the decision of the Dean, with the exception of a situation where the student's absence was caused by circumstances beyond their control.
